

Mots visuellement proches – plateau

Mise en place :

Le jeu se fait soit en version :

- Images pour les cartes et mots pour les planches ou inversement
- Mots pour les cartes et les planches

Les cartes sont disposées (face cachée) au centre de la table.

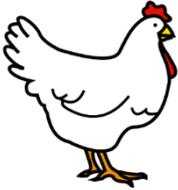

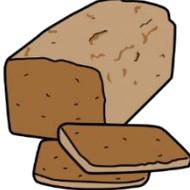

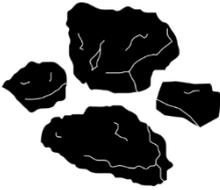

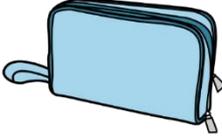

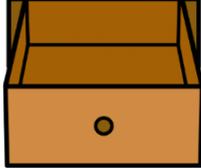

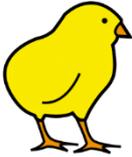

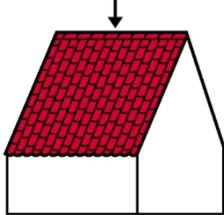

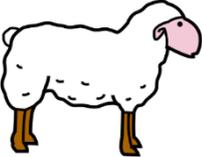

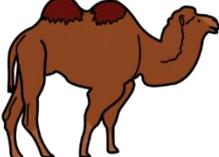

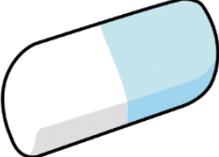

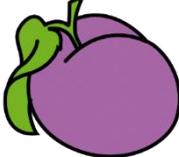

Déroulement :

L'enfant retourne une carte qu'il lit ou dénomme. Une fois fait, les joueurs regardent s'ils possèdent le mot ou l'image sur leur planche :

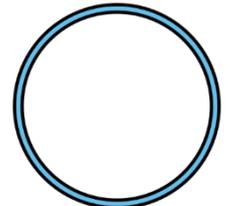

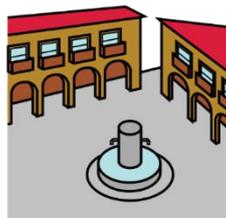

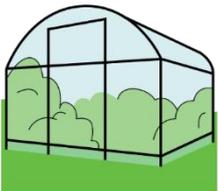

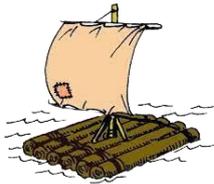

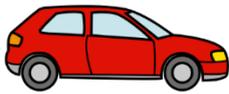

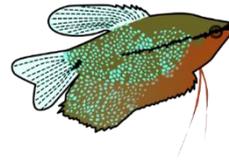

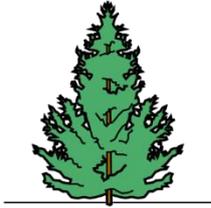

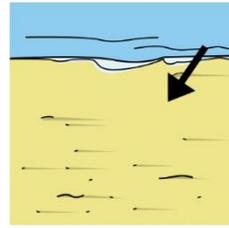

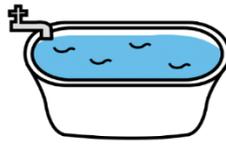

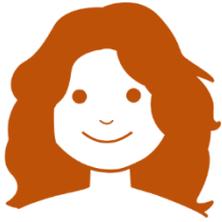

- Oui → alors je peux le/la cacher à l'aide de la carte.

Le premier qui parvient à cacher toutes les images ou tous les mots de sa planche remporte la partie.
